REVIEW OF TRADE.

Bradstreet's Report on the Condition of Business.

TALK WITH MANUFACTURERS.

Interviews With More Than Five Hundred Leading Wholesale Dealers and Manufacturers at Forty-Seven Cities Throughout the Country as to the Effect of the Senate Tariff Bill.

NEW YORK, Aug. 18.—Bradstreet's says: Special telegraphic and mail advices summarizing interviews with more than 500 leading wholesale dealers and manufacturers at 47 cities throughout the country as to the present effect, if any, of the prospective tariff settlement and the outlook as to the effect of the senate tariff bill should it become a law, indicate relatively less enthusiasm at larger eastern centers, except at New York and Baltimore, almost uniform satisfaction throughout the southern states and similar advices from the central and northwestern states, except where serious crop damage has taken place.

In the far west little interest is manifested in tariff agitation, notably at Denver and Helena, where silver attracts more attention. Portland fears the result of the reduction of the tariff on lumber, but at San Francisco an improvement in demand is expected, and considerable freight is offering for shipment to China.

A feature is found in declarations from manufacturers of woolen goods, glassware, pottery and iron and steel at various centers of production that wages will promptly be reduced. Importers of woolen are said to have the market this fall, and clothing manufacturers, it is declared, should do a fair business, but not try to carry over light weights on Jan. 1. Cotton merchants declare settlement of the tariff comes too late to help them this fall and lumber dealers speak regretfully of the reduction of duty in their line.

Aside from probable improvement due to ending uncertainty in business, neither Boston, Providence, Buffalo, Philadelphia, Pittsburg, Newark, or Rochester merchants interviewed express noteworthy enthusiasm as to the trade prospect. While no grain is reported in trade circles at southern cities, several thousand coal strikers have gone back to work in the Birmingham district, several southern railways are calling for more coal, and southern iron works are shipping more iron than a year ago. It is reported at Atlanta hardware jobbers based recent prices on the Wilson bill, and the prospective passage of the Senate bill will make a difference in profits in consequence. Little Rock expects eastern cotton manufacturers to buy more freely now and three leading Texas cities, in view of excellent crop prospects in that state and prospectively the largest cotton crop on record, regard the business outlook very favorably. The proposed change in the sugar schedule exerts material depression in Louisiana.

The region west of Pennsylvania and east of the Mississippi river reports almost uniformly favorable trade conditions with gains in demand and in industrial activity, exceptions being the Indiana and Illinois pottery industries and among Indiana clothing manufacturers, who report they expect to reduce wages. Country merchants in the two states named have been buying heavily from Chicago jobbers, but that city's trade from regions west of the Mississippi river has fallen off. St. Louis continues the exceptionally favorable report of previous weeks, with the additional feature that the demand for iron is increasing. The more important cities in Wisconsin and Minnesota report an improved outlook for trade and an increase in the volume of business, due to more favorable crop returns. Increased demand is noticed for groceries, hardware, cutlery and shoes. The serious damage to corn in Kansas has had an unfavorable effect at Kansas City, crop damage in that state, as well as in Nebraska and Iowa, overshadowing other conditions, and characterizing trade reports from Lincoln, Omaha and Burlington.

Exports of wheat, flour included, United States and Canada, both coasts, amounted to 2,979,924 bushels, against 3,417,200 last week, 2,977,957 the week before, and as compared with 6,129,700 in the week a year ago; 3,730,174, two years ago; 5,761,187 three years ago and 3,489,000 four years ago.

Canadian trade shows no gain in distribution, but a more cheerful feeling. At Montreal the impression is the tide has turned. The St. Lawrence transportation companies are doing little as compared with a year ago. The better feeling at Toronto is said to be based on expected favorable effects from tariff changes in this country.

TORRE UP THE NEW STREETS.

Conflict Between City Authorities and the Big Four.

ANDERSON, Ind., Aug. 18.—A riot was narrowly averted here last night. Several weeks ago the city ordered the Big Four yards opened up by extending the streets through them. Work on Sixth street was completed last night, and the street was to have been opened. After the street force had left, the local section forces, under orders from Roadmaster Martin, went to the place and tore out curbing, gutters and grading for several squares, practically destroying the street. As they were finishing the work the street contractors arrived on the ground with their 300 employees, armed with picks and shovels. Bloodshed was only averted by the section men retreating. A special meeting of the council has been called to take action in the matter.

RECRUITING DEPOTS.

Three of Them Wiped Out of Existence by the Secretary of War.

WASHINGTON, Aug. 18.—By an order issued by the secretary of war yesterday the three great army recruiting depots at David's Island, New York harbor, Columbus, O., and Jefferson barracks, Missouri, are wiped out and in their places will stand three large military posts.

The department has had this change under consideration for some time past, the scheme originating with Adjutant General Ruggles. Heretofore the men picked up at the small recruiting stations scattered about the country have been sent in small squads in charge of a sergeant to these three central recruiting depots, where they were quartered, and drilled until they were ready for assignment to some regiment in the active service. The department has concluded that these green recruits will become proficient soldiers much sooner, if sent immediately to join and train with the veterans at the different posts, and that is why the change is made.

The transformation of the recruiting depots into army posts will also be in line with the accepted policy of concentrating a good force of regulars at places near the great cities. In place of about 150 recruits each of the new posts will have a permanent garrison of about 300 men, and in the case of two of them, at least, the rank of commanding officer will be raised from lieutenant colonel to full colonel. No expense is involved in the change, as the depots are already well supplied with quarters for infantry. The assignment of troops to the new posts has not yet been made.

Binned.

CANAJOHARIE, N. Y., Aug. 18.—Moses Welden, an aged farmer, living a few miles from Fort Plain, was binned out of \$4,500 yesterday by two strangers whom he met on the highway. In the usual manner they induced him to play cards. Moses won \$200 and became enthusiastic. One of the strangers then offered to play for \$5,000. Welden, confident of winning, drew the money from the bank at Fort Plain, and proceeded to play again. It was agreed to put all the money in one box, which should be given to the winner. Welden won, and was handed the box, which he supposed contained the money. On returning home the farmer opened the box and was astonished to find only a couple of old newspapers, a stone and a note warning all against the danger of gambling. No clue has been discovered as to the slanders.

City Full of Smoke.

CHIPPWA FALLS, Wis., Aug. 18.—Forest fires in this vicinity have raged and the city is full of smoke. The Omaha train coming in here stopped about 10 miles from the city, and the passengers got out and extinguished the fire nearby that had just started and was being carried to the woods by the wind. At Lafayette and Cadott the fire is in the forests and people are again alarmed. Fire took a serious turn at Prentice, and it is feared that the property of the White River Lumber company, not destroyed by the last fire, will be swept away. All the people have to fight the fire. The Chippewa Falls engine sent to Phillips and 1,000 feet of hose have been broken by use.

Ricks Investigation Postponed.

WASHINGTON, Aug. 18.—The special house committee to investigate the charges against Judge Ricks of Cleveland will not begin its work until congress adjourns and perhaps not until fall. It had been intended to start upon the investigation next Monday, but a quorum is drifting away from the house so rapidly that all the members are needed in Washington who can be persuaded to stay. Members of the committee are anxious to go into the congressional campaign and therefore may not be able to investigate until that is over.

Recruiting Rendezvous.

WASHINGTON, Aug. 18.—A recruiting rendezvous is to be established at Fort Sheridan, near Chicago, where there is now vacant barracks. This it is proposed to use as a rendezvous for recruits enlisted in its vicinity and not required for service thereat. In the same manner quarters will be provided at David's island, Columbus and Jefferson barracks for the temporary use of recruits until they can be distributed among regiments.

His Body Finally Found.

LOS ANGELES, Aug. 18.—Last November C. and L. C. Winston of Pasadena while hunting with a party up the San Gabriel canyon, became lost in a snowstorm and was never again seen alive. His companions made an attempt to find him, but without success, and were obliged to return to Pasadena. On Tuesday a young man, who was hunting in the Little Rock Creek canyon, found the body of the lost man.

Escaped From Jail.

KEOKUK, Ia., Aug. 18.—Webb, alias Hill, and three other inmates of the county jail overpowered the jailer at 6:30 yesterday evening and made their escape. Hill is the notorious forger recently arrested at Jacksonville, Ill., for swindling a Keokuk firm. He is wanted in Texas, Wisconsin, Illinois and Michigan for similar offenses, and if convicted of all the charges would remain in the penitentiary for the rest of his life.

Winnipeg Elevator Burned.

MINNEAPOLIS, Aug. 18.—Elevator No. 7 of the Northern Elevator company was destroyed by fire last night. It contained 40,000 bushels of oats, owned by a Winnipeg syndicate. The loss will be about \$40,000. Early yesterday morning Kelly & Company's flouring mills at Brandon were also burned.

REBELLION OF THE KAFFIRS.

An Alarming State of Affairs in South Africa.

PRETORIA, South Africa, Aug. 18.—The rebellion of the Kaffirs is assuming alarming proportions, and the efforts of the authorities of the government to suppress it have, up to the present, proved unavailing. The Transvaal mounted police detachment which has been attempting to relieve the garrison of Agatha, which has been besieged by the Kaffirs for some days past, has been repulsed with, it is feared, serious loss. Emboldened by their success the Kaffirs pursued the retiring troopers and made an attack upon the main column of the Boer forces. The Kaffirs were driven back, but the advance of the column has been retarded.

From the Boer settlements along the Letaba river come reports of severe fighting between isolated parties of retreating Boers and the Kaffirs who are burning the Boer homesteads all along the river. The Boers are fleeing before the Kaffir advance, taking with them all their portable property, but large quantities of provisions and cattle have necessarily fallen into the hands of the Kaffirs. The latter having murdered a number of Boers and their wives and children, and the fiercest feelings of the Boers have been aroused against the rebellious natives.

In the Zoutpansberger district devilish outrages have been committed, and large numbers of women and children have been killed and a large amount of property destroyed.

In all the disturbed districts the mail and passenger coaches have been stopped, passengers killed and the coaches looted and destroyed and the mail stolen.

The Marchion road is entirely closed. The Kaffirs are reported to have erected a strong barricade across it at a point where it passes between two hills, and they are said to have prepared to defend this point vigorously.

The government is reinforcing its column of troops as rapidly as possible, and it is expected that an advance in force will soon be made upon the Kaffirs.

Only a False Alarm.

DETROIT, Aug. 18.—It was reported from Saginaw that a Grand Trunk passenger train had been held up 12 miles south of that city. Inquiries at the Grand Trunk train dispatching department in this city elicited the statement that the reported hold-up was a false alarm. It was reported to the Grand Trunk officials by the conductor of the northbound passenger train on the Cincinnati, Saginaw and Mackinaw road that the train was to be stopped by highwaymen near Verne, 12 miles south of Saginaw. A squad of deputies was accordingly hurried down from Saginaw, but after searching the vicinity and finding nothing but three tramps, the train proceeded.

Swept Down to Death.

SHREVEPORT, La., Aug. 18.—A party of five young ladies, and one 8-year-old boy left Jonesville last night, for the camp meeting grounds at Scottsville, in a hack in charge of Bismarck Wright. In crossing a small creek, that had been swollen by a heavy rain, the vehicle was swept down the stream a distance of 200 yards, and overturned. Under the greatest difficulties Mr. Wright succeeded in saving his sisters, Daisy and Mabel, his little brother and Miss Nora Hester, but Miss Battie Webster and Miss Willie Hart were drowned.

Brighter Prospects.

LANCASTER, Pa., Aug. 18.—Schroeder's cotton mill, employing over 300 hands, has given notice that it will commence running on full time Monday. For the past several months it has been either closed or running only four days a week. The Farnum mills, employing over 2,000 hands, will continue running two-thirds time at least until the end of this month, when it is expected they will run full.

Cholera in Amsterdam.

AMSTERDAM, Aug. 18.—Three fresh cases of cholera and one death from the disease have been reported here. At Rotterdam one fresh case of cholera is announced and one case is reported from Purmerend. At Maestricht there has been one death from cholera, and one death from the same disease is reported from Wormerveer.

Election Returns of Tennessee.

NASHVILLE, Aug. 18.—Full official returns of the election for supreme judges have been received by the secretary of state from every county. Democrats, 145,168; Fusionists, 131,289; Democratic majority, 13,869; a gain of 25,085 over the aggregate opposition vote for governor in 1892. The total vote is larger than was expected.

Death in a Storm.

ATLANTA, Aug. 18.—Miss Bettie Vickery was killed last night. Several members of the family had started to church. A hard windstorm came up which tore a limb from a tree and dashed it against the young lady's head. She died in a few minutes later.

NEW YORK, Aug. 18.—It was learned yesterday that M. B. Curtis, the actor, has just closed a real estate deal involving about \$1,000,000. Mr. Curtis has traded the Hotel Diskel at Austin for 6,000 lots at Lakewood, N. J. The Lakewood property was owned by George H. Dreher. Mr. Curtis will build a hotel on a portion of his newly acquired property and will probably make it his home.

World's Fair Medals.

WASHINGTON, Aug. 18.—The secretary of the treasury has invited proposals for striking 23,757 bronze world's fair medals. Bids will be opened at the office of the director of the mint, Sept. 5.

SELF-CONFESSED MURDERER.

Benjamin Reed Kills Daniel Henderson For \$5.25.

TERRE HAUTE, Ind., Aug. 18.—Benjamin Reed was arrested last night for the murder of Daniel Henderson, a farm hand, whose dead body was found in a cornfield in the river bottoms. This morning he made a confession of guilt. Henderson and himself left Marshall, Ill., last Tuesday morning for Terre Haute. They walked all the way, arriving in this vicinity about midnight, where they laid down in a cornfield and went to sleep.

Reed was the first to awaken. Henderson had laid his revolver on the ground beside him, and Reed took it and shot him through the head. He then rifled his pockets, finding \$5.25, which he appropriated. He also took the revolver. Reed then returned to Marshall and gave the revolver and all the money, except 50 cents, to his wife, and the next day they came here and bought some groceries and clothing. Reed told his wife that he had killed Henderson and took his money.

Life and Death Statistics.

ANDERSON, Ind., Aug. 18.—Dr. W. N. Horne, as secretary of the county board of health, yesterday reported 200 births in Madison county during the past quarter. This is the largest number reported in the history of the county, and gives an idea of the increase in population. There were but 34 deaths in 90 days. Marriages also broke the record, reaching 108. The youngest couple were 19 and 15 years old, respectively, and the oldest 70 and 60 years. But seven cases of contagious disease are known.

Church Improvements at Anderson.

ANDERSON, Ind., Aug. 18.—The cornerstone for the new Congregational church in this city was laid yesterday afternoon, with appropriate ceremonies. The building will cost \$15,000. The former pastor, the Rev. W. C. Gordon, now of Michigan City, delivered the address. The Rev. Dr. Ball, recently of Canada, is the present pastor. A new church, costing \$60,000, for Mary's congregation, is now up, but the interior is not completed, and the dedication will not occur until Jan. 1, 1895.

Assaulted by Japanese.

NEW YORK, Aug. 15.—A special dispatch from Vancouver, B. C., says: Mr. and Mrs. Gardner, Mr. Fox and Mr. Osborne, English, and three Americans were brutally assaulted at Seoul, Corea, by Japanese soldiers. They were chased with swords, thrown down and beaten in the face, besides being kicked and pelted with stones. The offense, it is said, consisted in two of their number passing remarks antagonistic to Japan in the present trouble. Mrs. Gardner may die from her injuries.

Asking an Injunction.

BOSTON, Aug. 18.—Counsel for the American sugar refinery of New Jersey, otherwise known as the sugar trust, filed with the clerk of the supreme judicial court yesterday afternoon an appeal from the temporary injunction against the company restricting it from further operations in this state on account of their failure to file a statement of business as required by the statutes. This appeal will not come up until November, pending which the company can continue to do business.

Murdered by Burglars.

MEIRIMAC, Mass., Aug. 18.—Three burglars entered the house of Jacob Crosby shortly after midnight, and by their noise awakened Mr. Crosby and his wife. Crosby was seen to get out of bed by the men, all three of whom immediately attacked him. Mr. Crosby's brother, Edward, came to his rescue and was shot through the body and instantly killed by one of the burglars. The robbers then escaped, having failed to secure any booty.

Missionary Imprisoned.

NEW YORK, Aug. 18.—A special dispatch from the City of Mexico, says: H. R. Mosely, a Baptist missionary in Saltillo, has been imprisoned on charges of defamation at the instance of the district attorney. Mr. Mosely published attacks upon the Catholic church and Mexicans generally in a Baltimore paper. The Baptists of Saltillo published a protest against Mr. Mosely's attack. The Catholics are greatly excited.

CONGRESS EXPENSES.

Report From the House Committee on Appropriations.

MR. SAYRES ITS CHAIRMAN.

An Official Statement of the Amount Appropriated by the Session of Congress Just Closing, as Compared With the Past Sessions—Some Interesting Figures on the Subject.

WASHINGTON, Aug. 18.—Chairman Sayres of the house committee on appropriations, has completed an official statement of the amount appropriated by the session of congress just closing, as compared with past sessions. The statement represents the views of the Democratic majority in the committee and in the house on the economy of government expenditures.

Mr. Sayres' statement reads as follows: The appropriations made during the extraordinary session and the first regular session of the present congress, including permanent appropriations, show a reduction of \$28,835,939 under the appropriations made at the last session of the last congress; and deducting the amount of the river and harbor bill, \$11,473,180, which should be done for the purpose of comparison, inasmuch as no river and harbor bill was passed by the last congress at its last session, the reduction is \$40,309,169.

As compared with the laws passed at the last session of the last congress the following reductions are shown in the table: Agricultural bill, \$101,476; army bill, \$632,753; legislative, etc., bill, which carries in the main the great salary list of the government, \$551,807; military academy bill, \$29,033; pension appropriation bill, \$14,948,750; sundry civil bill, \$7,506,535; on account of deficiencies, \$10,454,440; on account of permanent appropriations, including \$11,000,000 for sugar bounty, which is abolished, and \$450,000 expenses under election laws that are repealed, \$14,393,593. Total reductions, \$48,624,119.

The bills showing increases over last laws are as follows: Diplomatic and consular bill, \$6,473; District of Columbia bill, \$131,369; fortifications bill, \$216,949; Indian bill, \$1,476,408; naval bill, same, \$3,253,065; postoffice bill, \$3,232,255; river and harbor bill (total), \$11,473,180; miscellaneous, \$29,500. Total, \$19,788,229.

The secretary of the treasury in submitting the annual estimates to congress in December last stated that he had included therein no amount for the payment of the bounty on sugar, but that if the law authorizing its payment should not be repealed it would be necessary to add to the estimates for 1895 for permanent appropriations the sum of \$11,000,000. But in July last the commissioner of internal revenue estimated that the sum required to pay this bounty, if not repealed, would be \$15,200,000 for the fiscal year 1895, and \$17,500,000 for the fiscal year 1896.

The expenditures made for bounty on sugar have been as follows: Fiscal year 1892, \$7,550,028; fiscal year 1893, \$9,550,932; fiscal year 1894, \$13,073,879. The postoffice bill makes the usual increase incident to the growth of the country and its commercial interests, the number of postoffices having increased during the period between June 30, 1890, and June 30, 1894, by 7,404; the number of post routes by 4,514; the miles of annual travel in transporting the mails by 74,615,375; the length of post routes by 26,737 miles; the annual revenues from the service by \$15,098,155, and the total annual expenditures by \$17,952,565.

The sundry civil bill carries \$8,400,000 toward payments under contracts for river and harbor works, authorized under laws passed during the Fifty-first and Fifty-second congress.

For river and harbor work there was appropriated at this session, including the amount carried by the river and harbor bill, \$11,473,180, and \$8,400,000 for contracts in the sundry civil bill, the total sum of \$19,873,180.

During the first session of the last congress there was appropriated by the river and harbor bill \$2,093,035 more than was appropriated at this session.

At the present session there has been appropriated the sum of \$1,300,000 toward meeting the river and harbor contracts authorized by the Fifty-first congress, and \$7,100,000 toward such contracts authorized by the Fifty-second congress, leaving \$5,418,779 of the former and \$14,263,208 of the latter, or \$19,712,147 in all of river and harbor contracts yet to be appropriated for.

To finally equip and complete and arm the 50 new vessels of the navy, built or authorized, it is estimated that there will yet have to be appropriated the further sum of \$23,080,974, making a total of \$112,062,163, which the new navy, as now authorized, will cost.

A subjoined statement shows that of the appropriations made at this session, \$65,441 were required under laws passed during the Fifty-first congress. That only \$34,574,191 were appropriated by the first session of the Fifty-first congress under those laws, that of the appropriations during the two sessions of the last congress \$175,730,018 were the result of those laws, and that only \$127,309,111 were appropriated at both sessions of the Fifty-first congress under those laws, which it passed entailing such enormous obligations upon its successors.

During the present session of congress the salary list of the government has been reduced by more than 600 in number and over \$700,000 in actual cost, and more salaries have been reduced than increased.

Mr. Sayres attaches elaborate tables to the statement, which give in great detail the points he has summarized herein.

THE INCOME TAX IS THERE.

"One of the results of taking the Senate bill in preference to no bill," says the Courier-Journal, "is that we have the income tax added to our system of taxation. It is not likely that some of the Democratic Senators who issued the ultimatum of 'the Senate bill or no bill' had this in mind and secretly preferred no bill at all, as the only way of escaping the income tax."

"The Democratic party has taken a pronounced step in levying this tax. There is no doubt that it will prove very unpopular in some States. There is as little doubt that it will be immensely popular in most States. It may lose the Democracy some votes in New York, New Jersey and Connecticut, but this is as good a time as any to have it out. There may be efforts to repeal it, but it is more than likely that the experiment will end in the adoption of the income tax as a permanent part of our system of taxation."

"This is one part of the session's work about which the Democratic party has no reason to be ashamed. In spite of all the protests against the tax as an unjust class discrimination, a truckling to the agrarian spirit, and an entering wedge for class privileges, the tax commends itself to the common sense of the country as just and essentially Democratic. We have lived for three decades under a revenue system that levied the burdens of the Government upon consumption in such a way that the part borne by the people of slender means was out of all proportion to their earning capacity and their ability to pay. The surplus wealth of the country, for whose protection much of the expense of Government was incurred, almost wholly escaped taxation. The experience of thirty years has demonstrated that a tax on consumption does not distribute itself equitably, but falls chiefly on those least able to bear it. It has been left for the Democratic party to inaugurate a system that will impose upon surplus wealth its fair share of the burdens of Government."

Texas Democrats fall into line with a handsome endorsement of President Cleveland.

The Cincinnati Post sees the dawn of better times. It says: "This fact is being voiced by business men all over the country. Business is beginning to revive, the financial condition is improving and there is a palpable quickening of industrial activity."

Will our good Republican friends answer this question: Did you ever hear of the sugar trust before the passage of the McKinley bill?—Carlisle Mercury.

Senator Sherman and other Republicans say the sugar trust was not in existence when the McKinley bill was passed. They ought to know. One thing is evident, the trust has flourished and fattened and grown insolent and arrogant under the McKinley law.

How's this for effective work for the party of the people? The Georgetown News Democrat says:

The present Democratic Government of Wisconsin has reduced the State taxes for this year 75 per cent. below the average, and this extraordinary reduction has all been brought about by recovering and turning into the treasury money that was stolen by former Republican office-holders. Ex-United States Senator Philetus Sawyer paid in a quarter of a million dollars, having been unfortunate enough to have been bondsman for one of the thieving Republican officials.

This is pretty hard on the Senator, but nothing more than he deserved: The friends of Smith, one of the kicking Democratic Senators, called a meeting at Bergen Point, N. J., to endorse his course on the tariff question. The call for the meeting was signed by the employees of a large manufacturing industry. The meeting came together all right, says an exchange, but when the resolution was introduced endorsing Smith's action it was denounced from every part of the house and then voted down, not one vote being recorded in its favor. They contended that the New Jersey Representatives in Congress, who were elected by workmen upon the tariff-reform issue, had deliberately opposed the platform of their party.

PLAYED BALL.

That's What the Regulars Did Friday.
Almost Shut Out the
Irontons.

The locals disappointed their friends at the game yesterday by not giving the Ironton aggregation a complete shut out. Everybody was pulling for a Waterloo, and a blank for the visitors looked certain when along came a wild throw that spoiled it all.

There were two out, two on bases and two strikes on the batter, and it was the last half of the ninth, with eighth big "goose eggs" chalked to Ironton's credit. There was a runner on third and one on second. Frank came down to second unawares and Nie sent the ball to him. He chased Corns down to third, Woods started home. It was a neat play but Frank threw low to Nie and two Irontonians scored. Wadsworth eased up and by two hits the visitors got their third and last score.

Wellner was in the box for Maysville for five innings, and gave the finest exhibition of twirling ever seen here. Only one hit is what he let the visitors get off of his delivery. Wellner's support was faultless.

Wadsworth, who had had a good long rest, concluded he would like to lumber up his arm, so Wellner gave way to him in the sixth, and he pitched a good game to the finish. Four hits were made on his delivery. One was a scratch, and two were made after a chance to retire the side had been offered.

Following is the summary of the game:

SHORT STOPS.

A good game every Saturday afternoon will prove a big drawing card.

The Regulars went to Germantown this morning to play the team of that place.

The locals put up almost an errorless game Friday afternoon. That's the way to play.

The statement Friday that the Shamrocks defeated Lexington by a score of 17 to 5 was a "grape vine" special. The score was 3 to 2.

The Maysville team goes to Cynthia Monday for two games. They will return Tuesday night, and on Thursday and Friday the All-Professionals of Cincinnati will be here for two games.

Wellner, in yesterday's game, had all kinds of speed. He would send them over the rubber with smoke on them and then he would send one up so slow that you could almost count the seams on the ball and read Spalding's trade mark. His delivery was a puzzle to the Irontons. He let them down with only one hit.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

The "Man From Maysville"

In a recent issue, the Louisville Star has the following complimentary notice of Mr. John Spalding, a prominent tobacco buyer of that city: "He was born in a tobacco district, Maysville, Mason County, and his earliest memories are associated with tobacco raising. He is one of the oldest and most experienced buyers on the brakes and the younger buyers frequently seek his information, which he is never loth to give. The Nall-Williams Tobacco Company, for whom he buys, value his service very highly, for there is no better all-round judge of tobacco here. He comes of a remarkable family, his father, now eighty-four years of age, still being actively engaged in the business, the oldest buyer here and an honorary member of the Tobacco Exchange."

The New Telephone System.

The rates will be only \$1 a month for residences and \$2 a month for business houses.

OWINGSVILLE BANNER: "A coaching party from Maysville, consisting of Mr. Watson and wife, Mrs. J. M. Frazee and daughter, Miss Annie, and Mrs. P. G. Smoot, spent Thursday night at the Owings House here. They had been out several weeks, principally at Swango Springs in Wolfe County. They were en route home, and came by Owingsville just to see the town. They were agreeably surprised in its size, its location and the substantial character of its buildings. They renewed some acquaintances here and made others. They left Friday morning with a pleasing impression of the little city on the hill."

OAKLAND BARON.

The Fast Two-Year-Old Now Holds the World's Record For His Class.

Professor Milan's many friends are rejoicing over his success with Oakland Baron at Terre Haute, Ind.

Two weeks ago, at the Maysville fair, Oakland Baron trotted his first race, and won in straight heats, taking a record of 2:20 1/4. This was sensational work for a two-year-old, but thrifmen who saw him trot in that race were confident he could do still better. Professor Milan who trained the colt and who drove him was satisfied he could show greater speed than 2:20.

Yesterday at Terre Haute, Ind., the Professor drove Oakland in the second race the colt has ever trotted. The purse was \$1,500, and Oakland won it, taking a record of 2:16 1/4, the world's record for two-year-old stallions.

Only one other horse has ever beaten this time as a two-year-old. Silicon, 2:15 3/4, holds the record. Oakland Baron will no doubt beat this before the year closes.

Oakland Baron is by Baron Wilkes and belongs to Colonel Stoner, of Paris. He was trained on the Maysville track by Professor Milan.

THE ballonist at the Ripley fair yesterday parachuted into the river, but was rescued by some parties who promptly went to her assistance. She took a dog up with her and he, too, was dropped into the river.

BERRY BROS., of Fleming, have sold the remainder of their purchase of tobacco, some 35,000 to 40,000 pounds, to H. B. Cushman, at 13 cents, the purchaser to do the pricing. They had already shipped most of their low grades, but this gives them a good margin of profit, says the Times-Democrat.

THE protracted meeting held at Maysville, in which Rev. Martin Luther, of the Seventh Presbyterian Church of Chicago, assisted the pastor, Rev. Mr. Brown, closed last night with flattering success. The church has been very much revived, and its converts promise a valuable addition to the Master's cause.

P. J. MURPHY.

Reading, recitations and music formed the programme for the evening, and the manner in which they all acquitted themselves shows that the young people are determined to make their society a success.

THE usual morning service by the Disciples to-morrow at 10:45 o'clock. No night service. Sunday school 9:30 a. m. Y. P. S. C. E. at 7 p. m. Morning subject: "The Spirit of Truth a Leader Into New and Larger Truth." We never get to the end of anything. We go on from the obscure to the plain and more perfect. Revelation is in us, and not to us; and it becomes revelation only so far as it is comprehended. "Jehovah" was the name of a tribal God, and is not monotheism. "Our Father" of Jesus is world wide, and is the first pure monotheism. E. B. CAKE, Minister.

SENATE PROCEEDINGS.

But Very Little Accomplished by the Day's Session.

WASHINGTON, Aug. 18.—The attempt in the senate to fill the vacancy on the finance committee by the appointment of Senator White was objected to by Senator Chandler. The Republicans insisted that the motion must go over under the rules. Quite a spirited contest arose over this question.

Senator Harris' motion for the appointment of Senator White to the vacancy on the finance committee was then withdrawn.

The conference report on the deficiency bill was submitted to the senate and agreed to at 1:40 p. m.

The senate then adjourned.

Report on Foster's Failure.

TIFFIN, O., Aug. 18.—John B. Gormley, assignee of ex-Secretary Foster's interests, filed his first report with Probate Judge Kiskadden yesterday. The document embodies a plea on the part of the ex-governor to be released from the entanglements which he dropped into by indorsing paper for firms in which he was interested. The aggregate amount of such obligations exceed \$600,000. After those indorsed amounts are disposed of an effort will be made to shake off a \$325,000 indebtedness of Foster & Company.

Was Sincere in Her Belief.

ST. LOUIS, Aug. 18.—Mrs. Virginia L. Minor, the woman suffragist who died here a few days ago, was firm to the last in her belief in the cause as shown by two clauses, one of them very peculiar, in her will, filed for probate yesterday. She bequeaths \$1,000 to Susan B. Anthony. A large portion of her estate is then directed to be divided among her three nieces, upon condition, however, that they do not marry, if refused bequests to be granted the niece or nieces, not so forfeiting.

Outlaws United.

MUSKOGEE, I. T., Aug. 18.—Reliable information has been received here that the remnant of the Dalton and Cook gangs of outlaws have consolidated and number 12 persons. Caution is given that the band will probably undertake to holdup the Missouri, Kansas and Texas train or the Muskogee bank within the next three days. All trains are heavily guarded and the bank is now and has been for some time exercising caution against the possibility of robbery.

Chinese Fleet Discovered.

LONDON, Aug. 18.—A dispatch from Shanghai says that the Japanese fleet which has been searching for the Chinese squadron came in sight of the enemy on Wednesday and bore down upon them. The Chinese admiral, however, declined battle and steamed into a harbor northwest of Che Foo. The Japanese have made no attempt to attack Che Foo, but the vessels of the fleet are cruising off that port.

Stockholders Disagree.

LUDINGTON, Mich., Aug. 18.—The officers of the Commercial and Savings bank which suspended yesterday, say that the suspension was made on account of disagreements among the stockholders. They announce that depositors will be paid in full, and that probably a complete reorganization will be effected. Beyond this they decline to give any information.

Died From a Cat Bite.

NEW YORK, Aug. 18.—Michael Smith, an aged farmer of Ten Mile Run, N. J., has died, as his physician asserts, from the effect of the bite of a cat, inflicted two years ago. The results of the bite did not begin to be apparent until a fortnight ago.

Nearly Killed in a Runaway.

GREENVILLE, O., Aug. 18.—Miss Ella Dornier of this city, Miss Maggie McKinney of Troy, O., and Miss Flora Lewis of Evansville, Ind., were nearly killed by a runaway horse dashing into their carriage.

Foreign Tin Coming.

LONDON, Aug. 18.—Many tinplate works in South Wales, which have been closed for some time, are preparing to resume work in view of the passage of the Gorman tariff bill in Washington.

Ended in Death.

CHICAGO, Aug. 18.—Benton C. Cook, the well known attorney, whose serious illness was announced in yesterday's dispatches, died at his home in Evanston at midnight.

Cholera in Riga.

ST. PETERSBURG, Aug. 18.—Cholera has broken out at Riga. Ten cases of sickness from that disease are reported from the authorities at Riga.

First Bale of Cotton at Memphis.

MEMPHIS, Aug. 18.—The first bale of cotton of this year's crop was received here Friday from West Point, Miss., and sold at auction in front of the Cotton Exchange. It elapsed strict low middling, and brought 10 cents per pound.

Must Pay For Water.

DELAWARE, O., Aug. 18.—The residents of the village of Magnetic Springs ate up in arms because the springs have been closed up and the water, which has always been as free as the air, must now be purchased.

Instantly Killed.

GALLIPOLIS, O., Aug. 18.—Richard Evans, a prominent Republican of Gallia Furnace, this county, fell from a load of hay near his home Tuesday and was instantly killed.

Death of David F. Urmy.

Miss Florence D. Robb entertained a number of friends Wednesday evening.

Captain James Jackson, we are glad to say, has recovered at last after a long siege of illness.

Master Charley Power, son of Judge Samuel Power, of Flemingsburg, is visiting friends in this neighborhood.

Mr. and Mrs. Ross have the sympathy of their friends in the loss of their little son. The remains were laid to rest Tuesday.

Mr. Richard R. Hopper is suffering from an attack of fever. He has been confined to the house for some ten days or more. His friends hope for his early recovery.

Miss Preston, of Covington, and Miss Cotton, of Versailles, late visitors of Miss Mary Mitchell, left Wednesday afternoon, the former for Paris, the latter for her home.

Mr. Hiram Taylor, of Maysville, has been the pleasant guest of friends for a week or more. The "Judge," or "Beady," as his admiring friends address him, is making good his opportunity to "rush society" and learn to dance. The girls pronounce him an apt pupil.

The following party left Friday for Glen Springs with Mr. and Mrs. Wesley Prather to chaperone them, viz: Mr. S. M. Myall and Miss Alberta Caldwell, Mr. A. W. Fox and Miss Jean R. Brough, Mr. James Prather and Miss Lena Alexander, Mr. John Laytham and Miss Bessie Prather, Mr. James Raymond and Miss Lizzie T. Gooding, Dr. J. H. Kelley and Miss Fannie Laytham.

Rev. Mr. Baird, pastor of the Presbyterian Church of this place, while calling at Mr. Robb's was surprised to find his horse and buggy "out of sight" when ready to leave. The horse, in some way, managed to slip the bridle, and upon finding himself loose took advantage of the opportunity to rid its owner of a newly-painted buggy, but did not count upon the pluck of the Mayslick bugles—hence his surprise and chagrin to look back after running to his heart's content to see the self-same buggy lying on its side and closely embracing a friendly tree with its wheels, having all intact except the shafts.

Mr. Joel Laytham sustained a severe fracture of the leg just above the ankle Thursday. His horse ran away, upsetting his buggy. He was caught in some way, being dragged some distance.

Parks Hill Camp Meeting.

Every minister who was advertised to be at Parks Hill has been here on time, and has surely given satisfaction.

Dr. S. A. Steele arrived Friday morning and delivered an address upon Epworth League work. The Doctor is surely the right man for the work among the young people. While he has a grown daughter he does not look to be over 25 years old. He is Secretary of the Epworth League and editor of the Epworth Era, a weekly publication in the interest of Leagues, published at Nashville, Tenn. Dr. Steele's address was a most excellent one, and was heard by a large number of campers and visitors.

In the afternoon on Friday Rev. M. T. Chandler, of Newport, preached to a good audience, and at night Rev. E. G. B. Mann, of Newport, preached a most entertaining sermon.

On Saturday and Sunday Rev. Dr. Steele will preach at 10:30 a. m. and 7:30 p. m.

The time is growing short and we are beginning to dread the breaking up. Monday will take most of the campers from the grounds. Some will leave Saturday to be away from the Sunday crowd. The grounds are now filling up for Sunday.

A CARD FROM MR. TAYLOR.

To the Democratic voters of Washington and the Taligat Precincts: I would ask one and all to vote for me for Magistrate. I am too well known as a true-blue Democrat to have to explain my Democracy. Suffice it to say I began by voting for Seymour and Blair, and have kept it up ever since. Let the Democrats stand by their principles and not be gulled by promising any Republicans to vote for them. Respectfully, GEORGE TAYLOR.

TORNADO policies—W. R. Warder, agt.

Mrs. T. J. Chenoweth has been ill several days, but was somewhat better this morning.

Mr. JOEL LAYTHAM, of Mayslick, had one of his legs broken in a runaway Thursday.

Mr. NAT SAPP has moved his grocery to Mr. John Zweigart's building, lately occupied by Mr. E. F. Powell as a confectionery.

"The Story of My First Watch" is an interesting illustrated pamphlet gotten out by the Standard Watch Co. The Standard is the best in the world for the money. Sold by Ballenger the jeweler. If you want a watch see the Standard.

The service in the First Presbyterian Church to-morrow morning will be a Bible reading. Subject: "Devils." Everybody is requested to bring their Bibles. Mission Sunday school in the German Church at 2:30 p. m. Westminster Y. P. S. C. E. at 6:45 p. m. The congregation will worship in the evening at the Central Presbyterian Church.

If you can, come out to the men's gospel meeting to-morrow afternoon at 3:45 o'clock. It will do you good. The Y. M. C. A. needs the assistance of all men. It is for the betterment of mankind in this life. All are made welcome and can take part in the services. Young men lead and young men work. The room is open all afternoon, where good reading matter in great abundance can be enjoyed. Mr. W. D. Hixson will lead. Subject: "We Have Found the Messiah." How fruitful. You can be an heir. Come out.

Judge Wall Thinks Paynter Should Resign.

The Cincinnati Post of Friday says: "Judge Garrett S. Wall, of Maysville, is at the Gibson House. He is one of Congressman Paynter's closest friends. When asked if the latter would resign, he said that he did not know. 'A few days ago I received a letter from Mr. Paynter, and he said that Congress would adjourn in time for him to come home and think over a proper course to pursue. According to the law, he must resign before being elected to a State office. His successor should be elected at the regular November election, as it would cost \$4,000 to hold a special election.'"

All Next Week.

The Emma Warren Theatre Company has a fine band and orchestra and over twenty people. Their band gives a concert at noon and at 7 o'clock each evening that is worth going blocks to hear. The Evansville (Ind.) Call has the following notice of Miss Warren: "Miss Warren's interpretation of the lovely heroine is masterly. Her pose, gesture and expression alone make 'Queen' a perfect woman, but when her masterly elocutionary powers are added the heroine becomes an ideal creation."

At opera house all next week. Popular prices—10, 20 and 30 cents.

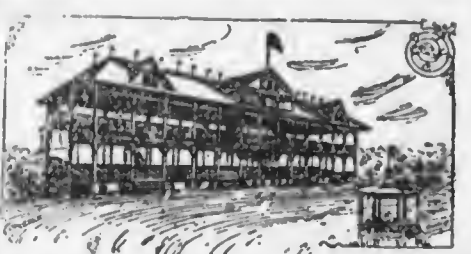

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by J. James Wood.

The steamer Lizzie Bay brought up 154 barrels of whisky Friday from Cincinnati for one firm in this city.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation.
